The State Convention Captured by the Tillmanites in the First Action. They Secure the Temporary Organization. [By United Press.]

COLUMBIA, S. C., Aug. 13.—The Democratic State Convention met at noon today and was called to order by James A. Hoyt, Chairman of the State Democratic Executive Committee. The Convention is called for the sole purpose of determining whether the nominating convention shall be chosen by primary elections or by the county conventions. There are 320 delegates present, 261 of whom are "Tillmanites" and 59 straight out Democrats, or anti-Tillmanites. Notwithstanding the fact that the Convention was called for a specific purpose, the adherents of Tillman, finding themselves with such an overwhelming majority, seriously contemplated the nomination of their candidate and a full state ticket. After ealling the convention to order Chairman Hoyt named G. L. Buist, a straighout, for temporary chairman of the convention. A Tillman delegate thereupon nominated W. J. Talbert, a leading Alliance man of Edgefield county, as temporary chairman. Chairman Hoyt claimed that as the convention was not organized he had no power to entertain any motion whatever. The utmost confusion followed the announcement, the Tillmanites insisting upon their right to nominate a temporary chairman, and the straightouts protesting ageinst such action. Pandemonium reigned for fully half an hour, and it looked as if the convention would break up in a row before it could be organized. Finally Chairman Hoyt decided to entertain the motion, and amid great confusion and the wild protests of the straightouts. Talbert was declared Washington, Aug. 13.—In the House | elected temporary chairman. The temporary secretaries were then elected in the same manner and the roll call of del-

THE COLORED REPUBLICANS IN MASS MEETING IN ORANGE.

They Commend Harrison -- Condemn The Local Republican Management-The Killing of Henry McMannen by RevenueOfficers Denounced in Round Terms -- The Republican Party Defined to be Composed of Ten Low Down White Men and Ninety Respectable Negroes.

(Special Cor. STATE CHRONICLE.)

HILLSBORO, N. C., Aug. 12. - The colored Republicans of Orange county held a mass meeting in Hillsboro on Saturnay Aug. 9, 1890, and passed resolutions commending the Harrison administration, condemning the local manage ment of the Republican party and demanding a fair division of the offices.

Lisbon P. Berry, of Hillsboro, was nominated for the Senate in the Twentieth Senatorial District and London A. Whitted, of Chapel Hill, for the House of Representatives.

Speeches were made by a number of prominent negroes in the county denouncing in the severest terms the policy of the white Republicans in North Carolina, especially Collector White and Eaves, Congressman Brower, Supervi-

sors Hawkins and Webb. Delegates to the colored State Convention were elected. Several of the speakers said that the time had now come when the colored

people were qualified to fill the various offices and they demanded an equal share with their white brethren. They denounced, in unmeasured terms, the killing of Henry McManuen by the Republican revenue officers; also those local leaders who encouraged and sympathized with the raiders in the unsuccessful attempt of the State authorities to bring them to justice.

It was while Swain Kirkland was commenting on this incident, that Henry N. TO THE NEGROES.

A Convention of Negroes Called to

Meet in Raleigh, August 26th. The following circular has been sent us with a request to publish in the CHRONICLE. It is signed by negroes (some of them quite prominent in their race) in twenty-two counties. The call

The negroes of North Carolina are requested to hold county conventions and appoint delegates to state convention to be held at Raleigh, on Tuesday, the 26th day of August, 1890, at 12 o'clock, M. Each county will select ten times as many delegates as the respective counties have members in the lower house of the Legislature. Care will be exercised to distribute these delegates throughout the counties, so as to poularize the representation. An equal number of alternates will be selected in the

same way. The changed condition of political affairs, the studied discrimination against our race, solely on account of color, the urgent necessity for additional educational facilities, the attempt now being made to stifle our manhood by consigning our leading men to menial places under the government, together with the fact that the negroes have voted wildly for twenty-five years, make it necessary that the negroes of North Carolina should assemble together for the purpose of taking counsel with each other, to inaugurate measures whereby evils affecting the race may be remedied, and the manhood of the

race be asserted and maintained. ANOTHER ERRATIC YOUTH.

The young men are coming to the front. The CHRONICLE is gratified to see that its fellow-student, A. M. Stack, Esq., has been nominated for clerk of the court of Stokes county. Threefourths of the convention belonged to the Farmers' Alliance, and they nominated Mr. Stack by acclamation. He was not a candidate, and the nomination, under the circumstances, is a high compliment. He is deserving of the high mark of confidence upon the part of the good people of Stokes county.

A friend in Tyrrell asks the CHRON-ICLE about the record of Mr. David Alexander in the last Legislature. He was a wide-awake, conservative and useful member. He was always in his place, voted for measures that would help his people, had a mind of his own, and "toted his own skillet." He is the author of the bill providing for the holding of Teacher's Institute which Tyrell was well represented in the person of Mr. Alexander.

The CHRONICLE has observed with regret a communication in a late issue of the Alamance Gleaner criticising Mr. R. W. Scott, who represented Alamance in the last House of Representatives. The criticism was most unjust. We had exceptionable opportunity of observing the course of Mr. Scott in the last House, and it gives us pleasure to state that he made a record creditable alike to bim and to the good county from which he hailed. Intelligent, industrious, honest, and courageous, R. W. Scott was one of the best legislators in the Assembly of 1889. He is in every way worthy of the confidence and admiration of every good man in Alamance county.
